

June 2009

Dear Jules,

On behalf of both Charlotte and myself, I wanted to drop you a line to thank you for your contribution to our women's networking event last week. The response to your presentation was extremely positive all round; the ladies were informed and motivated as well as entertained and the feedback we received, both formal and informal, was that the ladies were "fully satisfied" with the event. Some of the specific comments made in response to "which aspects of the event were most useful" were:

- Networking and Jules' talk
- Both speakers were great, really interesting and informative – picked up some great tips
- Jules Wyman on inspiring people
- The inspiring speakers and being able to meet new people
- Jules' presentation and business attitude
- The presenter style

One lady commented "being a newcomer to these events, I found the entire experience both enjoyable and informative. The speakers were inspirational and networking opportunities great", which is precisely what we were aiming for from the event as a whole.

It was a pleasure to work with a professional presenter who is so committed to supporting local businesswomen and I do hope that we will have the opportunity of having you to speak for us again. I have had to make some tweaks to the forthcoming programme and change a few dates around but, if I may, I will forward the new schedule to you in a couple of weeks time and you can let me know your availability if you are interested in doing more. And I do hope that you picked up some more votes for the "next top coach" – I'm sure you did.

Thanks again – with very best regards

Sarah
